# Welcome

Web to Print has seen a massive surge in recent years delivering unprecedented value for money to local businesses alike. However, we saw a gap in the market; you want low-cost print but how do you find a great bespoke design?

At Nectarine Print we offer both services, unlike most online print stores. We dazzle you with creative design which makes you look great & we print at online competitive prices delivering a 360° turn-key solution.

You can either chat with our lovely customer care executives or order your print online. Our core focus is to deliver a service at internet prices with a traditional service that you would expect from a high street printer. Both printing & design prices are listed in this brochure with no hidden costs\*. We look forward to sharing your journey with us.

All the best.

## Presentation Folders

When presenting products and services that change on a regular basis, presentation folders are a great tool to assemble individual sets of information.

Interlocking A4 presentation folders supports 14 variations; business card slots, extra wide gutter for greater capacity and unique shaped flaps. Print either full colour one side or both sides. Tip; when printing one side the inner flap will be printed on giving the impression of double sided print. For additional special finishes choose from the following lamination options either one side or double side; gloss laminate, matt laminate, or soft touch laminate. Supplied creased and flat ready for assembly when required.

#### Specifications

Printed on 400gsm Silk Art Board, Gloss or Matt Laminated either one or two sided. Printed full colour either single or double sided, trimmed to size, supplied flat. We advise laminating folders which have solid ink coverage across creases in order to prevent cracking, and to protect against wear and tear. With no glue involved, these folders are delivered flat for easy storage, and are pre-creased so they can be assembled when required.

## Promotional & Advertising Flags

Flags are a great way to grab a potential customer's attention when your brand or message flaps in the wind. The crest flags is wind-resistant due to its 110g/m square flag material. Printed one sided with dye sublimation in full colour print crest flags are available in the following sizes; 2.6m, 4m, 4.9m high including pole. Pick a base that is suitable; Cross base, water base, square base or ground spike. Crest flags are ideal for both indoor and outdoor use and are ideal for exhibitions, conferences, shows, dealerships, cafes, bars, hotels, beaches, leisure facilities and showrooms. How to care for your flag: Wash in a regular washing machine at 30 degrees Celsius with everyday detergents. Please allow to completely dry before folding and storing.

## Folded Leaflet Range

Folded leaflets are a great low-cost brochure solution when you have lots to say and are printed double sided in high definition full colour print. Finished to the desired folded size, the folded leaflets are ready to be distributed. As like standard leaflets, folded leaflets are available in the following paper weights: 130gsm gloss or silk and 170gsm gloss or silk stocks.

450gsm or 400gsm silk artboard or 300gsm coated artboard, printed full process colour both sides. \* Matt or gloss lamination applies on 400 and 450gsm artboard stocks.

## Feeling peckish?

Flat restaurant & bar menus are available in 3 stocks and two finishes: 300gsm coated or premium 400gsm or 450gsm silk artboard with matt or gloss lamination. Choosing a laminate finish avoids the chipping of dark coloured inks at the edge of the board and can be lightly wiped down from sticky fingers.

Alternative menu sizes are available online at [nectarineprint.com](http://nectarineprint.com).

**Can I buy 250 cards and have 5 prizes?**

The minimum per design or prize is 250. You cannot have multiple design and/or prizes across the 250 cards. If you want multiple prizes and losing cards, you will need to order at least 250 of each.

**I want to have 350 winning and 60 losing - how do I order this?**

The minimum per design or prize is 250 so you will need to order 250 of each prize/design.

**I don't have 250 of my top prize to give away?**

You don't have to give all of the cards away. If you have a limited number of one prize, just count out the number you need to give away and then void the other cards & dispose of them responsibly.

**What shape can the latex be & can I have more than one scratch off panel?**

Simple shapes are allowed for the scratch panels. These include squares, rectangles, circles and diamonds. You may position any number of scratch panels anywhere on the front of the design with a minimum space of 4mm between each.

**Lets scratch ...**

Scratch cards are a great way to interact with your customers, lets face it, we all like a good scratch. Our scratch cards come in a handy pocket 100x50mm size in full colour both sides. Whether you're giving away free meals, drinks, admission or even a weekend away, you'll grab your customer's attention. Production of scratch cards is not a high-security line of work and therefore it is not recommended for prizes of high value.

**Please note:** when choosing the quantity, you are ordering copies of the same artwork. It is not possible to split set quantities across several designs. If you'd like different designs / prizes, add more than 1 order to your basket / order
