RESIDENCE 7[®]

CASE STUDY

Mr & Mrs Cummins, Suffolk

Your R7

“We were doing some research on different window systems and came across The Residence Collection, we contacted our chosen installer and they recommended Residence 7.

We chose R7 for the modern flush appearance and the large selection of colours available.

Having our home updated with R7 has definitely been worth the investment. The kerb appeal of the house has been greatly improved and visitors often comment on how attractive the windows are. We couldn't be happier with our new windows!

We would certainly recommend Residence 7 to a friend.”
